

Beltdraulic™ Railgate 5500/6600

www.allelectricliftgate.com

Capacity 5,500/6,600 lb.

FEATURE	Hydraulic Railgate	Beltdraulic™ Railgate
Bluetooth connectivity	Available	Available
CAN bus connectivity	Not available	Included
Battery health data	Not available	Included
Cylinder health data	Not available	Included
Payload delivery data	Not available	Included
Energy consumption data	Not available	Included

Smart Integration

- **IoT Capabilities:** Built-in sensors monitor cylinders and electrical systems.
- **Data Transmission:** CAN bus standard, Bluetooth available.

Value-Added Data

- **Real-Time Monitoring:** Provides valuable data on liftgate performance and health.
- **Delivery Confirmation:** Measures the weight of the payload delivered at every stop.
- **Predictive Maintenance:** Helps prevent downtime through preventative fault detection.
- **Energy Savings:** Measures the fuel saved by transitioning to this electric railgate.
